Dear Marv:

Let me express my appreciation for the way you handled my interview in U.S. News & World Report. I am getting a few bounces around the world for having said that we will continue to do our business, but I still think that a frank statement of the general functions of the Agency is essential to the American people, and your journal proved an excellent way to do it.

Thank you also for the many copies you sent over, which we have circulated particularly to our own staffs so that they would know what I was saying about their work.

With best regards.

Sincerely,

W. B. Colby
